- * Tank unit of the 9th Mecz Div (Cadre), according to the observed numbering series.
- ** Corresponding information (B) was previously obtained from the COTTBUS area.*** Other sources previously reported that the trains left the LUCKENWALDE area, proceeding west via COTTBUS (18 trains between 20 and 29 August 1949). It has not yet been ascertained whether the troops on the trains returned to the military posts from the maneuver areas or proceeded farther to the west (MAGDEBURG area?).
